2017 SUMMER TUTORING

The Fletcher School Summer Tutoring Program provides students an opportunity to maintain and improve academic skills during the summer. Students benefit from reinforcement of newly learned skills and remediation of weaknesses using multisensory techniques of instruction.

One-on-one tutoring by Fletcher School teachers will be available throughout the summer. Tutoring sessions are designed to meet the individual needs of the student in phonics, reading comprehension, written expression, math, study skills/learning strategies and high school academic subjects as requested.

Flexible hourly tutoring sessions can be arranged in the morning or the afternoon to suit your child's schedule. Schedule requests should take into consideration vacation, camps, and other plans to prevent missed sessions. Sessions cancelled less than 24 hours in advance will be charged at the hourly rate of \$65.00.

Tutoring by Fletcher teachers will take place on campus using appropriate Fletcher School materials. Students will be placed with a tutor by the Tutoring Coordinator. Parents should not contact teachers directly to set up tutoring.

GENERAL INFORMATION
